

Request reference: 4830_14

For each of the crimes listed below, could you share the following:

1. The number of offences reported in total.
2. The number that involved the taking of computing and communications devices – i.e. mobile and smart-phones, tablets, laptops, desktop computers, computing equipment.
3. How many of those thefts of computing and communications devices were from private individuals and how many were from businesses or other organisations (e.g. local Government, health services, etc.)

The list of crimes is as follows:

1. Domestic Burglary
2. Non-Domestic Burglary
3. Aggravated Burglary
4. Robbery
5. Theft from a person (e.g. mugging, pickpocketing, bag snatching)
6. Theft from a vehicle
7. Theft from a location (e.g. shoplifting)

Please find below a table which details the number of offences for the crimes mentioned above, for the time period requested.

	Domestic Burglary	Non Domestic Burglary	Aggravated Burglary	Robbery	Theft from the person	Theft from motor vehicle	Theft from shop or stall	Total
All offences	12,851	11,096	44	5,347	3,591	16,675	15,855	65,415
