

Police forces in the United Kingdom are routinely required to provide crime statistics to government bodies and the recording criteria are set nationally. However, the systems used for recording these figures are not generic, nor are the procedures used locally in capturing the crime data. It should be noted that for these reasons this force's response to your questions should not be used for comparison purposes with any other response you may receive.

I would like to request information regarding the age and gender of all offenders. Please can you tell me, in the first three months of 2011, the number of people charged with each different criminal offence specifying the ages and gender of each offender.
