

4/ How much of that budget is being spent on training staff in dealing with mental health?

(please provide the figure for each of the years listed above)

We are unable to cost the money spent on Mental Health training as the mental health inputs are only a part of the training courses that we run. I have provided a list below of courses that Learning and Development run internally that cover mental health issues.

- **All Custody Courses**
- **Student Officer training programme**
- **PCSO recruitment training**
- **Special Constable recruitment training**
- **LPU Investigators**
- **Initial Crime Investigators Development Programme**
- **Child Abuse Investigators Development Programme**
- **Specially Trained Officer course**
- **Volume & Priority Interviewing (both witness and suspect)**
- **Serious and Complex Interviewing (both witness and suspect)**
- **Mandatory supervisors training (Q1 2014 and Q1 2015)**
