*The eSearch system of recording stop and search replaced paper forms in 2014/15 and was phased in gradually. As a result, both methods of recording Stop and Search existed in the earlier months of 2014/15. ESearch categorises the reason for the search differently. For this reason results have been separated by the system used to record.

**eSearch can record multiple reasons for conducting a Stop and Search. The count of records by reason is therefore greater than the actual number of Stop and Searches completed.
