

a) The number of still missing females aged 10 to 40 years old that originally went missing up to 2006. Please state the earliest date that your records begin.

**Following a COMPACT search for People Currently Inactive, we found 19 records relating to females reported missing between 1988 (which is the earliest date we have recorded) and 2005, with a date of birth between 1965 and 2005.**

**Please note: Inactive cases are ones where enquiries have been exhausted and the person has not been found. At this stage the person is flagged inactive with an annual review date to be conducted by superintendent rank or above.**

b) Their name

c) Age (when they went missing)

d) Where they are from (roughly)

e) Where they were last seen

f) Date when they went missing.

Where appropriate information which may help locate these people is already in the public domain see:
