

* Issues of note regarding interpreting the data for Tables 1 and 2:

- The data extracted relates to when the report was made and not necessarily when the offence occurred. 48 records contain the words 'historic' or 'historical' in the MO notes (45 from table one and 3 from table two).
- Where there is no outcome recorded, this could be down to the fact that the investigation is still ongoing so an outcome has not yet been determined.
- There are some instances where multiple reports appear to relate to the same victim; this may arise where there are multiple offenders or multiple occasions of the offence being committed against the victim.
