**it appears from further investigation that this record has been incorrectly recorded with the Teacher showing as the victim , the data should show that the teacher is the defendant , however this is the data we have recorded, therefore these data should be interpreted with caution. Every effort is made to ensure that the figures presented are accurate and complete. However, it is important to note that these data have been extracted from a number of data sources used by forces for police purposes. The detail collected to respond specifically to your request is subject to the inaccuracies inherent in any large scale recording system. As a consequence, care should be taken to ensure data collection processes and their inevitable limitations are taken into account when interpreting those data.*
