

Could you tell me please:

- The number of digital devices that are awaiting forensic examination

As at 32/20 – 552

The estimated time that it would take to examine these devices and clear the backlog

No recorded information held, you have asked for an estimate and there is no requirement under the FOI Act to create data.

If possible, could you also please let me know which recorded offences the devices are linked to, eg sexual offences, indecent images of a child etc.

This is a large piece of work which would exceed the FOI time limit in order to locate and retrieve the information.
