

Request Reference: 3714/15**1. How many Oracle licences does the force have and how much does it spend on them each year?**

33,292 Licences (includes all licences for all products in use at WMP including E-Business, Database, App Servers) Total cost last year £405,206 support cost.

2. How many Microsoft licences does the force have and how much does it spend on them each year?

30,501 Licences (in a 3 year Enterprise Agreement (EA) includes all licences for all products including Client Access licences)

Total cost over 3 year EA £3,233,636

3. Does the force run its own datacentre and if so how much does it cost each year to run?

Yes, however we are unable to supply costs as these are contained within property services costs and not separately identified.

4. How many full-time staff does the force employ to record crime stats, under its obligations to fulfil the Home Office's counting rules - and what is the annual wage bill?

The Crime Service Team establishment is approximately 90FTE

We do not hold the annual wage bill in an easily retrievable format, therefore I have instead supplied a breakdown of the staff by grade/rank (below) along with the current police officer and staff payscales (attached).

8 FTE Band D Lower

71 FTE Band C Lower

10 FTE Police Constables

1 FTE Sergeant
