

My revised question is about firearm and shotgun licence revocations. Until 2013 the Home Office reported annually on firearm and shotgun certificate revocations, breaking down this information by police force areas. The available data shows the following:

West Midlands Police, firearm and shotgun revocations

Year	2009-10	10-11	11-12	12-13	13-14	14-15	15-16
Firearms	10	14	8	8			
Shotguns	32	34	29	25			

My question now asks if the data for the 3 most recent years 2013-14, 2014-15 and 2015-16 could be provided and, for the last year only, how many of the licence revocations came about as a result of a criminal offence (charged/convicted) by the licensee.

RESPONSE

West Midlands Police, Firearm and Shotgun Revocations

Year	2009-10	2010-11	2011-12	2012-13	2013-14	2014-15	2015-16
Firearms	10	14	8	8	4	5	3
Shotguns	32	34	29	25	16	13	16
