

REQUEST

I would like to know how many reported acid attacks have been reported in your patch and specifically what town over the past seven years. Can I have that information split into year - 2010, 2011, 2012, 2013, 2014, 2015, 2016 - as well as the town/borough in which it happened and the outcome of any investigation - i.e. convictions charge, NFA, active investigation.

Offence by Calendar Year, Neighbourhood Policing Unit, Offence and the Outcome.

Table 1 shows when the offence is against a person

Table 2 shows when the offence is against the property

It is important use caution when interpreting these data and the following should be taken into consideration

1 offender may have caused several offences, however these will be recorded separately. Therefore these may not be separate incidents within this area.
