

REQUEST

The number of police officers referred to occupational health services (internally or externally) for mental health / psychological issues from October 2016 onwards.

569

**It is important to note that the same individuals may have been referred more than once during this period*

The total non-pay budgets for the Occupation Health section within Human Resources by financial year from 2010/2011 to 2017/2018. As mentioned previously, the budgets are not split in a way that spend which relates to Mental Health / Psychological Support & Treatment can be identified separately.

Year	Amount
10/11	129,400
11/12	110,400
12/13	174,900
13/14	177,500
14/15	177,500
15/16	207,800
16/17	215,300
17/18	215,300

The above are the total non-pay budgets for the Occupation health section within Human Resources by financial year. The budgets are not split in a way that spend which relates to Mental Health / Psychological Support & Treatment can be identified separately.
