

I am emailing to request a Freedom of Information request related to the Police Now Graduate Scheme.

I would like to know of the cohort of officers who were on the Police Now Scheme in the last intake, how many were there and also how many decided to stay working for West Midlands Police.

In our last cohort of Police Now officers there were 20 in total.

They are still in their first year with us so they have another year to go until they make a decision whether to continue in role or not.
