

Please could you supply me with the following information?

In 2015, 2016, 2017 and so far in 2018, could you provide me with the number of reported sexual assaults of all natures that have taken place on board aircraft taking off or landing at Birmingham Airport?

**It is not possible to establish offences that occurred specifically whilst a plane was taking off or landing, however we found 4 reports of sexual assault recorded as occurring on board an aircraft :**

**2015=2, 2017=2**
