Table 1.

| Year | Theft from a person offences |
|------|------------------------------|
| 2013 | 4951 |
| 2014 | 4618 |
| 2015 | 4119 |
| 2016 | 4171 |
| 2017 | 4200 |
| 2018 | 2940 |

If possible, I would like the data to specify what items specifically were stolen. For example: ***"In 2013, there were 40 mobile phones, 60 handbags, 70 wallets etc. stolen by a suspect committing theft from the person."***

Table 2

The most relevant data we hold to this question is where the item was recorded in the sub category of our system, however this is not a mandatory field and therefore not always recorded.
