

Please release the following information under the terms of the Freedom of Information Act -

Recorded number of acid attacks reported in your city during the following years;

- 2015/2016
- 2016/2017
- 2017/2018

How many of those attacks resulted in arrests and/or conviction?

**We conducted a search for recorded crime under the weapons List ACID - BOILING WATER - CIGARETTE-BURNING with the sub category being USED, CAUSING INJURY' and USED, NO INJURY OR DAMAGE'. We then did a key word search for 'acid' in the MO Notes for Birmingham Neighbourhood Policing Unit's only – this has only brought back one result for 2018 - no suspect was identified.**
