

Please could you provide me with any data that you hold on the number of police officers that have any convictions relating to the possession or sale of Cannabis or have received a disciplinary from the force for any Cannabis related offence in your area.

I would like this information for the last two full years and for this year so far please.

There have been two complaints in relation to cannabis since 1st January 2016. One resulted in the dismissal of the officer, and the other resulted in no further action.
