

- 1) The number of people who applied to be a special constable in the last intake  
**We received 607 applications.**

1a) of those people, how many were aged 18  
**We received 36 applications from people aged 18.**

1b) of those aged 18, how many proceeded through each stage of your recruitment process (including the number of those who are recruited as a SC)

**1 applicant was successfully recruited**

- 2) The number of people who applied to be a police constable in the last intake  
**We received 1,494 applications.**

2a) of those people, how many were aged 18  
**We received 62 applications from people aged 18.**

**2b) of those aged 18, how many proceeded through each stage of your recruitment process (including the number of those who are recruited as a SC) (See clarification below)**

**This is an ongoing process, therefore we are currently unable to provide a final figure of successful applicants.**

#### **CLARIFICATION**

I would like the number of Special Constables who were fully recruited to become voluntary police officers, eg passing the entire recruitment process.

I would also like the same as above but for Police Constables.

My main objective is to know how many 18 year olds apply for both PC and SC roles and of those applicants, how many 18 year olds are fully recruited as a PC or SC.
