

I would like to follow up and ask specifically about the number of arrests and voluntary attendance (for any offence type) where the suspect has been recorded as 'Banker', 'Bank Manager', or 'Bank Employee' in each of the past three years - 2018, 2017 and 2016.

Table 1

Number of arrests* for any offence type where the occupation of the suspect has been recorded as 'banker', 'bank manager' or 'bank employee'

	2016	2017	2018	Total
Arrests	47	42	40	129

Table 2

Number of voluntary interviews for any offence type where the occupation of the suspect has been recorded as 'banker', 'bank manager' or 'bank employee'

	2016	2017	2018	Total
Voluntary Interviews	3	15	10	28

*Please note that an individual can be arrested for more than one offence at the same time, therefore, this data reflects the number of individuals arrested only and not the number of offences
