

Would you please advise the total per annum expenditure by West Midlands Police with recruitment agencies (such as but not limited to Sopra Steria, Capita, Servoca) for the supply of contingent workers over the last 3 years.

Ideally this would detail the budget per year, and the actual spent each year for the last three full budget years.

Please see below tables:

Please note: We have provided the spend for 2018/19 and 2017/18 as we record this information in a simpler way due to the new finance system.

To retrieve the data for 2016/17 would exceed the FOI time limit as we would need to look through previous systems to obtain this information.
