**1. How many speed cameras do you have in your area?**

We have; 4 mobile enforcement vans, 8 variable speed cameras on the motorway, 11 average speed camera locations (there has to be an entry and exit point on each average speed location) on the roads of Birmingham, Solihull and Coventry. There are also average cameras in the roadworks for the M5. We deal with locations more than actual cameras as we do not have Gatso cameras anymore.

**2. How many of those speed cameras are active at this precise moment in time?  
All of the sites are active**

All of the sites are active.

**3. How many times did you deploy mobile speed cameras in your area between 1st January 2018 to 31st December 2018?**

In 2018, mobile speed cameras were deployed on 253 days (please note, this was not necessarily every van on every day, but at least one van per day).
