

Over the past five years the Ministry of Defence have increased the recruitment of Reservists to support the Regular Armed Forces. We had not realised that there are a considerable number of reservists in the UK Police Forces.

Please may we ask you to supply the number of Reservists (Army, Navy and Royal Air Force) in your constabulary at the present time.

Currently we have 106 staff recorded as Reservists, this includes Police Officers, Police Staff, PCSO's and Specials.
