

ORIGINAL REQUEST

Please can you provide the following information relating to speed cameras in Coventry:

1. The name/address of that speed camera
2. How many times it has caught a motorist speeding
3. The number of motorists caught by the speed camera exceeding 100mph
4. The fastest speed recorded
5. The total value of fines resulting from that speed camera

Could this be detailed for each speed camera in Coventry, for each of the last three financial years (2016/17, 2017/18, 2018/19).

FURTHER REQUEST

Could you clarify however whether these cameras listed are still active? Or if not, when they were switched off?

Also, as a further point of clarification to this, I'm wondering if you could clarify what type of speed camera each in your response is?

In respect of the data we have already provided, all cameras are mobile enforcement cameras. All the locations are active.
