

Please could you provide me with the following information:

The number of individuals (if any) who have been arrested at any time during 2016, 2017, or 2018 for sex offences (including rape, sexual abuse, possession of indecent images of children etc) who had previously had their names removed from the Sex Offenders Register.

For each individual, please state:

- (a) what offence(s) they had originally committed which led them to be placed on the Sex Offenders Register;
- (b) what offence(s) they were arrested for after their name was removed from the Sex Offenders Register.

**We have had no offenders who have had their names removed from the register arrested for sex offences in 2016/17/18.**
