

**Clarification**

**I'd appreciate the amount/total of missing children as of the date the information was requested 07/11/2019**

**Including older cases in which the child may no longer be a child (e.g. if a 14 year old went missing 15 years ago) but the case is still open and the child is still missing**

As advised within the response letter the cost of locating and retrieving the information exceeds the 'appropriate level' in relation to older cases.

**REQUEST**

**I would like to see the numbers of missing children in the West Midlands and the statistics regarding age, ethnicity, area within the Midlands and length of time missing.**
