**2. Spending on security/police services per each solar year (Jan-Dec).**

Please note, the closest data that we have been able to provide in relation to your request, is data from the Management Accounts for the Reported Spend for the Year for Providing Policing Services (see following table). Data however is only available by Financial Year and from 2005-06. There is no 'Gross Cost' in relation to these figures, therefore we have identified the net cost and the reported income for each year. The 19/20 accounts are still being prepared and will be published in draft format on the website of the West Midlands Police and Crime Commissioner (WMPCC) prior to the 31st August 2020 as required. Budgets set for 19/20 and 20/21 are available as Committee documentation from the WMPCC's website which would give a guide to expected expenditure:
