

REQUEST

For each of the calendar years 2015, 2016, 2017, 2018 and 2019 I would like data on the number of child sex offence crimes your force has recorded in which the alleged perpetrator is female.

Each data return should include the calendar year the offence took place, the gender of the victim, the age of the victim, the offence classification and indicate if the suspect was charged.

For guidance I would only like data on crimes which were not subsequently cancelled. In terms of the offence classification which should be included I would like all child sex offences covered by the CPS's 'most commonly charged offences' guide
