

Data of hate crime from 2017 to 2019**What type of groups are recorded and what percentage of the data are they?**

We do not record percentages, therefore, I have provided the figures per year in the table below.

Hate Strand breakdown	2017	2018	2019	Total
Disability	8	14	12	34
Disability - Hearing Impairment	1	4	3	8
Disability - Learning Difficulties	27	35	27	89
Disability - Mental health	13	15	19	47
Disability - Mobility Impairment	33	46	57	136
Disability - Prefer not to say	2	5	12	19
Disability - Unseen Disability	3	7	15	25
Disability - Visual Impairment	2	9	7	18
Homophobic	386	505	749	1,640
Racial	3,759	4,304	4,965	13,028
Transgender	80	116	142	338
Religious - Perceived Islam	89	74	99	262
Religious - Perceived Judaism	9	9	12	30
Religious - Other	48	44	47	139
Religious - Perceived Zoroastrianism	1	1	1	3
Religious - Unknown	8	7	13	28
Religious - Perceived Sikhism	6	12	12	30
Religious - Perceived Christianity	7	9	14	30
Religious - Hinduism	1	5	4	10
Religious - Perceived Paganism	1			1
Religious - Perceived Buddhism	1	2		3
Religious - Perceived Agnostic	1			1
Total	4,486	5,223	6,210	15,919

As a force do you include subcultures such as goths into hate crime? If so, what percentage of hate crime data has been recorded for this subculture.

No - only the categories listed in the table above are recorded.

If the force does not include subcultures within hate crime, why is this?

No recorded information held.
