2. Of the religious hate crimes reported in answer to Q1, how many took place on school property in the following years:
 - a. 2017-18
 - b. 2018-19
 - c. 2019-20

We do not hold this data in a format that we are able to search. We are only able to search for “Educational premises”. This will be recorded in such a way when the offence was “reported” from an educational premise, so if a crime was reported at different location say for example a home address, then it would not come back in this search.

Also an educational premise can be from nursery school, all the way through the educational system to University.

Therefore each individual record would need to be assessed in order to retrieve this information, and together with the other questions listed would exceed the cost in relation to the Freedom of Information Act.

3. Of the religious hate crimes reported in answer to Q1, how many of these hate crimes were reported by someone who worked at the school of the victim (eg a teacher) in the following years:
- 2017-18
 - 2018-19
 - 2019-20

Each individual record would need to be assessed in order to retrieve this information, and together with the other questions listed would exceed the cost in relation to the Freedom of Information Act.

4. How many religious hate crimes did your force report to the Home Office where the perceived religion of the victim was Muslim and 15 years old or under in the following years:
- 2017-18
 - 2018-19
 - 2019-20

Performance Year	Victim Age					Total
	11	12	13	14	15	
2017-2018	0	0	0	1	0	1
2018-2019	0	0	2	1	3	6
2019-2020	1	1	1	1	0	4
2020-2021	0	0	0	2	0	2
Total	1	1	3	5	3	13

The search “Muslim” is not one of our search parameters, therefore the data in the table above relates to the religion “Islam” from within our systems.
