*Any claims on "N" we are not to blame and claim against the 3rd parties insurance company.*

*Any claims on "Y" WMP pay for the repairs from the insurance budget.*

*Any claim "S" this is a shared RTC and would depend on the type of Accident i.e. a 3rd party would claim against WMP and in turn we would contest the claim via our loss adjuster and try to claim against the 3rd party insurance company, this may be a 50/50 split or 60/40 split etc.*

*Any claim on "C" criminal damage WMP would pay this claim, but would claim monies back if an arrest (PIC) is detained and courts award the costs.*

*"D" is for damage found. Vehicle damaged and continued to be used and when it finally came in to Fleet, the damage was assessed and was written off.*

*All vehicle write offs are replaced via Fleets Capital budget. There is a percentage cost add to the overall Capital budget to allow for write offs over the financial year.*
