

1. Breakdown of all employees (officers and office staff) within your organisation who have undertaken cybercrime training over the last two financial years (FY 19-20 and FY 20-21)
2. Detail on the nature of the course e.g. "e-skills online cyber risk training"
3. Detail on the amount spent on each course

This was all in house training, therefore we would not be able to give a breakdown of any costs. It's likely that the training was completed during officers and staff duty hours.

Please see table below for the answers to questions 1 and 2, however we are unable to separate the staff from officers due to a change in systems / recording information.
