

The number of speed camera's on Newton Road, Great Barr?

There are no fixed cameras in operation on the Newton Road

The number of speed camera's on Newton Road, West Bromwich?

There are no fixed cameras in operation on the Newton Road

Which of these camera's are live/active?

There are no fixed cameras in operation on the Newton Road

If not live/active, when were they last live/active?

All fixed cameras were turned off in 2013

If not live/active, why have they been switched off?

It was a joint decision between all Local Authorities and West Midlands Police that they would be switched off as there was no capital funding in place to replace all the cameras that needed to be upgraded

If not live/active, when will they be switched on?

Please see above

Breakdown of speeding offences captured per month, by each camera since January 2015

None from fixed cameras as there aren't any at this location, as stated above

Are there any plans to reduce speeding vehicles and the added vehicle noise pollution on Newton Road.

We do enforce with a mobile van. Our main objective is road safety. Noise pollution does not factor in road safety.
