

**REQUEST**

- 1. Standard Firewall (Network) - Firewall service protects your corporate Network from unauthorised access and other Internet security threats**
- 2. Anti-virus Software Application - Anti-virus software is a program or set of programs that are designed to prevent, search for, detect, and remove software viruses, and other malicious software like worms, trojans, adware, and more.**
- 3. Microsoft Enterprise Agreement - is a volume licensing package offered by Microsoft.**

The information I require is around the procurement side and we do not require any specifics (serial numbers, models, location) that could bring threat/harm to the organisation.

For each of the different types of cyber security services can you please provide me with:

**Contract 1**

- 1. Who is the existing supplier for this contract?**

This information is exempt by virtue of the following exemptions

Section 31 (1) (a) (b) (Law enforcement)
