2. Please provide the estimated/recorded cost of tools/items stolen from vehicles listed in Question 1a-e in each of the financial years listed.

In most cases, we do not record the monetary value of stolen goods. Values are often recorded as '1' regardless of the monetary value of items stolen, or an estimate of the value is used. The data above is not an accurate reflection of the true value of items stolen. We have provided this as this is the information we have recorded.
