**2. How many Domestic Violence Protection Notices (DVPNs) were broken during 2018, 2019 & 2020?**

*The data produced are based on the non-crime recording for 'breach of DVPN/O'. This does not mean that offenders were arrested for the breach or that the matter went to court, this is only representative of the numbers recorded as a breach.*

2018-2019	40
2019-2020	94
