Please be advised that due to a force-wide restructure in 2016, the Sex Offender Management job titles were lost in the new structure. Over the last 18 months, work has been undertaken to identify these, however, this has been done by individual NPUs (one by one), rather than a force-wide change. This means that the data held for 2019 and 2020 only reflects a portion of the force. However, to assist, we hold complete figures for 2021 which represent the whole force. Please find this below.
