

1. How many offences of domestic abuse (both physical and emotional/psychological) have been reported to your police force in the years between 1 January 2016 and 1 September 2021 with male victims?

- Please include a breakdown of the gender of the alleged perpetrators (i.e. how many were men/women).
- Please split the data up by year so I can see the totals for each year.

The data has been retrieved from two separate systems, where there are differences in the way incident details are recorded.

Data from 07/04/2021 onwards allows for multiple victims and suspects to be recorded under the same incident (therefore the 2021 gender data total is greater than the number of records).

2. How many of these reports have resulted in a conviction?

- Please include a breakdown of the genders of the convictions.
- Please split up the conviction data by year so I can see totals for each year.
