

I'd like to know how many dogs have been reported stolen in the West Midlands since 2018 with separate figures for each year. I'd like to know the breed type, which area it was stolen from and if it was ever found again.

Year	No. Reports
2018	31
2019	18
2020	18
Total	67

NB Please note that the data refers to the number of reports of stolen dogs, not the individual number of dogs stolen, as some incident summary notes refer to multiple dogs being stolen but do not specify the number.
