

1. When did the average speed cameras along the stretches of the following highways become operational?

30/11/2020

A4123 Wolverhampton Road between Bleakhouse Road and Pound Road
(Northbound) Sandwell

A4123 Wolverhampton Road between Pound Road and Bleakhouse Road Sandwell

2. What was the intended purpose(s) of installing the average speed cameras along the above stretches of highways?

As with all speed cameras their intended use is to reduce the speeds of cars along that stretch of road with the added intention of reducing any casualties.

3. Are the average speed cameras along the above stretches of highways currently in use for their intended purpose?

Yes

4. How many drivers have been fined for driving over the speed limit along both of the above stretches of highways since the cameras were installed?

1940 offences have been recorded on the cameras since going live. This is tickets issued and not fines, which are shown below:

Paid/Licence Endorsed

A4123 Wolverhampton Road between Pound Road and Bleakhouse Road (Southbound)	103
A4123 Wolverhampton Road between Bleakhouse Road and Pound Road (Northbound)	103
