

**1) Does your authority operate a fleet management software product? If so which provider?**

Fleet Services operate a management system known as Tranman and Civica is the provider.

**2) What is the annual spend for this contract? When does the contract expire?**

The Tranman annual support cost is currently £34,000. There is no ongoing contract; this is an annual renewal which is next due 01/02/2023.

**3) Is your authority moving towards an alternative fuel fleet? Or have already implemented an alternative fuel fleet and charging provider?**

Fleet Services have started to replace some vehicles with alternative fuels, full EV, Petrol Hybrid and some Mild Hybrid 48Volt Diesel. Currently Pod Point supply our EV chargers.

**4) Is your fleet maintenance conducted in house? Externally outsourced? Or both?**

All Fleet vehicles are maintained In-House (SMR).

**5) Is the authority fleet owned, leased or hire?**

99% of the Fleet is outright purchase and 1% Contract Lease.
