

The request relates to speeding offences detected by your force, with a particular interest in how these were resolved and how many were cancelled.

My questions are as follows:

- 1. How many speeding offences did your force detect in the 2021 calendar year (1 January to 31 December, inclusive)?**

98,081 cases

- 2. Please provide a breakdown of how these offences were detected (i.e. via fixed speed camera, mobile speed camera, police officer with radar gun etc).**

Fixed Camera – 61,505
Mobile speed camera (vans) – 33,588
Police Officer witnessed – 2,964

- 3. Please provide a breakdown of how these offences were resolved (i.e. how many were cancelled, how many resulted in awareness courses, fines/penalty points, court action etc).**

Cancelled – 22,310
Not Completed – 17,149
Paid/Licence Endorsed – 19,680
Prosecuted – 5,163
Retraining Course Attended and Completed – 33,779

- 4. For the offences that were cancelled, please provide a breakdown of the reasons why cancellations occurred (i.e. emergency service vehicles on blue light runs, court agreements etc).**

The report for this data does not provide a breakdown of why cases have been cancelled, therefore we are unable to provide this information.
