We have supplied the below data however, it comes with the following caveats:

- **In order to get a truly accurate figure this would take days to work through each posting sheet, this search would exceed the FOI time limit. Our Football Unit have however tried to supply information by providing headline numbers.**
- **Each fixture is graded as Low 1, Low 2, Low 3, Medium or High risk. The figures provided is the total across the entire season and doesn't show individual fixtures.**
- **We have included specialist resources (Evidence Gathering Teams, Taser Officers) as well as Level 2 Public Order resources.**
- **The figures are the approximate numbers allocated to football however not all enter the stadium or go onto the Club footprint.**
