

1. How many misconduct reports did your Professional Standards department receive with the key word "Only Fans" or "OnlyFans" mentioned from January 2019 to April 2023? - 0
2. Could you provide a breakdown of these following cases, as long as it doesn't exceed the cost threshold:
 - (a) What were the outcomes of these cases?
 - (b) How many of these officers/staff reported were male and how many were female? – N/A

Please note that these results are reliant on a word search of all conduct matter summaries within the timeframe, we don't have an allegation type for Only Fans or OnlyFans, and although we had a National Factor of Social Media from 2020 onward, no results were found under this.
