

I would like to know the top 10 roads where motorists were caught speeding from the start of 2022 up to now for each of Wolverhampton, Walsall, Dudley, Sandwell and Birmingham.

I would like the figures to include the name of the road and the total number of drivers caught speeding (issued with fines, given points on their licence or offered driving courses) for each borough/city. I would also like details of whether they were caught by a speed camera (fixed or variable), police mobile van or some other way.
