

Could I please have data on phones stolen/on the street thefts in the past five years across the West Midlands please? For example this includes (but is not inclusive to):

- How many phone and bag thefts there were reported, broken down by the year and the months these happened.
- Whether they were stolen on bikes, on foot, in cars etc.
- The victim's location at the time of incident i.e. shopping centre, street, car.
- Outcome of case i.e. resolved, closed etc.
- The location and time of these too please.
- Models of phones reported.

Additionally, if there is any data soon to be released at the end of this financial year (April 2022- April 2023) on the above information please supply this too. Ideally information will be statistics and/or graphs.

- How many phone and bag thefts there were reported, broken down by the year and the months these happened.
