

1) How many serving police officers (at the time of the charge) have been convicted of a serious or violent crime - rape, stalking, assault etc, in 2023 thus far, 2022 and 2021.

2) How many police officers have been sacked as a result of a criminal conviction for a serious or violent crime in 2023 thus far, 2022 and 2021.

Please provide a breakdown of the type of crimes each officer was convicted for.

**Clarification received 02/05/2023:**

*I realise officers are not charged or convicted at the same time. I am asking how many police officers (at the time of charge) have been convicted. That's because before a conviction they may have already been dismissed or left. So I'm asking about serving police officers being charged.*

*And in relation to 2), I'm asking for any serious crime you deem serious. So if you deem all charges and convictions as serious, then please provide all with a breakdown.*
