

1. What information do you provide to third parties with regards to lost or stolen property?  
**Our Central Property Department will only provide information to the owner as identified by the Officer in Charge, this would usually be to facilitate the return of the items**
2. Do you have a contract or any business agreements with companies such as RECIPERO to provide information from point 1?  
**We are not aware of any contract in place.**
3. How does a member of the public obtain access to the data sets containing lost or stolen property such as unique references or identifiers through yourselves?  
**Our Central Property Department have stated this is not something they would provide**
