**Our Electricity Half Hourly and Non-Half Hourly meters are spread across two different Baskets, both are Locked 6 but one provides a supply starting 1st April each year (as above) and the second provides a supply starting 1st October of each year with purchasing of the electricity occurring between 1st April and 30th September of that year.**

**Please note: Locked 6 refers to the time frame when the gas / electric is purchased. Locked 6 is a 12 month fixed price, which has a 6 month purchasing window before the start of delivery.**
