Could you please provide me with a list of all the community or other events in the last 12 months where WMP have exhibited at or had a stall?

In this list could you please specify what the event was, what date it took place on, how much was paid in order to exhibit (if anything), and what the purpose of exhibiting was for.

**Sandwell North** have advised that the Neighbourhood Team often attend community events however they do not keep a list. These will be in high footfall / crime areas such as shopping centres and are to encourage engagement / crime prevention etc. They generally use the public communal areas therefore they are not exhibiting anything or have a stall. They do occasionally use a gazebo or the mobile police van to encourage engagement, crime prevention etc. They will all be promoted via social media / WMnow. They do not pay for any such activity within the Neighbourhood Team.
