

Please can I request the following information under the Freedom of Information Act on investigations into your staff for sexual offences.

We have taken 'number of your staff' to mean all officers and staff inclusive of PCSOs and Special Constables.

The number of your staff who are currently being investigated for indecent exposure.

We do not have an allegation type or national factor for 'indecent exposure' therefore we have conducted a word search of 'indecent exposure', 'exposed' and 'flashing' of live sexual conduct and complaint cases and got zero matches.

The number of your staff who are currently being investigated for sexual assault.

We currently have 12 members of our force being investigated for sexual assault across live complaints and conduct matters.

The number of your staff who are currently being investigated for rape.

We do not have an allegation type or national factor for 'rape'. Any such cases would come under the allegation type of J3 (Sexual Assault). However, we performed a word search of the terms 'rape' and 'penetration' and can confirm there are no rape allegations toward the 12 members of our force mentioned above.
